

Pouring Components Reference

Silicone Tubing

Medical grade peroxide and platinum cured silicone tubing. Available in several sizes.

Peroxide Cured

M2485 5/8 OD x 3/8 ID
M2484 7/16 OD x 1/4 ID
M2483 3/8 OD x 3/16 ID
M2482 1/4 OD x 1/8 ID

Platinum Cured

M2720 7/16 OD x 1/4 ID
M2721 3/8 OD x 5/8 ID
M2722 3/8 OD x 3/16 ID
M2718 1/4 OD x 1/8 ID

Manifolds

Stainless Steel manifold for split distribution from supply line.

900-0198 2-way
900-0190 3-way small
900-0191 3-way large
900-0192 4-way small

900-0193 4-way large
900-0194 5-way
900-0181 5-way mountable

Y Connectors

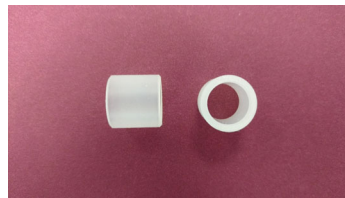

Polypropylene Y connectors for use in pourset assembly.

M1161 3/32" ID
M288 1/4" ID

M1910 1/2" ID

Ferrules

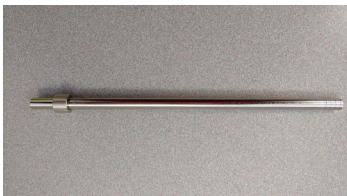

Polypropylene ferrule that aids in securing a connection to tubing.

900-0105 Large

900-0106 Small

Nozzles

Proprietary stainless steel nozzles available in a variety of sizes.

900-0170 8" Length
117-0500-7 6" Length

151-0600-1 5.25" Length
112-0423 4" Length

Additive/Blood Fitting

Stainless steel fitting for mixing of blood or additives inline with pourset.

08-06-15 Three Lane
10-06-20 Four Lane

13-06-18 Five/Six Lane
13-03-32 Eight Lane
